### STATE TREASURER SUICIDED.

His Friends Think That He is 'All Right.'

Buffalo, N. Y., Feb. 17.—The funeral of John J. Kennedy, the state treasurer, who committed suicide here Sunday, will be held Wednesday morning. All the arrangements have not yet been made as the family is awaiting the arrival of John P. Hopkins, former mayor of Chicago and a lifelong friend who will take charge of the funeral.

The board of aldermen of which Mr. Kennedy was a member for 20 years adopted a resolution expressing regret at the loss of a "faithful public official, a loyal and patriotic citizen, and many other organizations with which Mr. Kennedy was identified took similar action.

Complete investigation of the affairs of Mr. Kennedy was demanded today by his friends and relatives. Confidence was expressed that such an inquiry would disclose that the affairs of the state treasurer's office have been correctly administered. No explanation of the suicide was forthcoming today other than given out that Mr. Kennedy took his life while temporarily deranged and that the derangement was caused by brooding over the impending ordeal of re-election at the hands of District Attorney Charles S. Whitman, who had subpoenaed the state treasurer to appear in New York today.

### THE TENTH CIRCUIT DIVIDED—LICENSE FEE ON AUTOMOBILES—A REGIONAL BANK POSSIBLE FOR THIS SECTION—COUNTY SUPPLY BILL.

Special Correspondence. Columbia, Feb. 17.—The house this morning passed its reading the Earle bill providing for dividing the tenth judicial circuit, composed of Anderson, Oconee, Pickens and Greenville counties, into two circuits to be known as the 10th and 11th circuits. The former to comprise Greenville and Pickens counties and the latter to comprise Anderson and Oconee counties. The house refused to strike out the enacting words of the bill by a vote of 72 to 19.

Appropriation Bill. The general appropriation bill was sent to the senate this morning by the house. The senate this morning passed the bill relating to negotiable instruments. Mr. Stevenson explained that in view of the fact that South Carolina was almost certain at least to get a branch bank under the federal regional reserve system it was important that the law as to negotiable

paper be declared. He said the bill simply changed the conflicting sections in the present law on the subject and put all the laws on negotiable instruments in one place in the code.

Tax On Automobiles. The Liles bill fixing an annual license fee of \$5 on automobiles of less than 35 horse power and \$10 on automobiles of more than 35 horse power was passed to third reading by the house. The measure provides that the license fees shall go to the road fund in the several counties in which they are collected. The county supply bill, one of the omnibus ways and means committee measures, was passed to third reading Tuesday by the house. Several members expressed the opinion Tuesday morning that it would be impossible for the general assembly to adjourn next Saturday on account of the late date at which the general appropriation bill was gotten to the senate. The "supply bill" fixes the appropriations for the several counties and is a most important measure.
